

The Maine Dressage Society
Year End Awards Program
Revised 12/30/16

Horse and Rider Registration

- Each horse must be registered with TMDS and be ridden by a TMDS member at the time the scores are earned.
- Horse registration shall begin upon receipt of the membership form and horse registration form, and all applicable fees are paid and cleared. All forms and fees must be submitted before the first test is ridden.
- The horse registration form is separate form.
- A TMDS member (member of any of the dressage associations affiliated with TMDS) may register multiple horses by photocopying and submitting a separate form for each horse and by paying the horse registration fee for each horse.
- In addition to being registered, the horse's score must be submitted by the end of the award year (Nov. 30th) to receive any horse awards.

Eligibility and Submission of Scores

- All scores must be from open, adult, adult amateur or junior/young rider dressage classes held in the state of Maine whose prize list of that year has been listed in the current year's TMDS omnibus and the score must be from a 'L' rated judge or higher ('r', 'R', etc.).
- Adult amateur** is defined as being able to compete as an amateur from the beginning of the calendar year of which they reach age 22 and may not accept remuneration for:
 1. Riding, driving, showing, training, schooling, or teaching clinics or seminars;
 2. Giving lessons or training (summer camp counselors and therapeutic riding lessons are excluded)
 3. Any equine-related jobs such as veterinarian, bookkeeper, farrier, or groom.
 4. Selling horses or ponies or acts as agents for sales.

You can change from Adult Amateur to Open category at any time, just let the program manager know.

To change from Open/Professional to Adult Amateur contact the program manager for reclassification procedures.

Junior/Young Rider is a competitor is a junior rider until the end of the calendar year in which he or she reaches the age of 18 and a young rider until the end of the calendar year in which he or she reaches the age of 21.

- Classes that have restrictions based on the horse (e.g. age, breed, sex, size, previous performance, etc.) or rider (e.g. experience, sex, membership in a club other than TMDS, etc.) do not count.
- Dressage test scores from combined training classes do not count, unless the class is also pinned as a dressage class (2 sets of awards are handed out).
- It is strongly recommended by TMDS that shows follow the USEF/USDF show rules as closely as possible.
- Judge/Instructor conflicts - no rider may compete in an equitation or dressage class before a judge by whom he has been instructed, coached or tutored, with or without pay, within 30 days of the competition. The conducting of clinics or assistance in group

activities, unless private instruction is given, will not be considered as instruction, coaching or tutoring.

- Horse/Rider combinations that have WON a championship may no longer compete at that level or a lower level for The Maine Dressage Society year end awards. (Grand Prix excepted)

-TMDS Strongly recommends that each show and competitor follow the helmet guidelines as published by USDF.

RIDERS: For horse awards and rider awards:

-You are responsible for your scores. You **MUST** send in the top 6 scores at the level(s) you are competing and still meet the requirements of the level, to the awards program manager. If you are competing in a level that requires 4 scores, send in the highest 4; only 3 scores needed, send in the highest 3. The top scores will be the ones used toward your year-end median score.

-Accurately fill out the competition awards score report form and send it by Nov. 30th of the competition year. _

-All categories will count only the top number of scores required for that category. All other scores will be dropped.

-If you are trying for horse of the year, one of your scores must be from the top test of the level.

Computation of Scores

The median (middle) score will be chosen from all scores earned. In the case of an even number of scores, the two middle scores will be averaged. The median must be 50% or higher to be eligible for an award. Ties will be honored if the tie remains out to 3 decimal places.
